Set on a quiet street, up a gentle secluded drive, past terraced gardens with a pear tree, herbs and strawberry bed; this home provides treed and mountain views, considerable privacy and wonderful natural light.

The open living and dining rooms have vaulted ceilings and access to a sunny deck, and are anchored by a gas fireplace. Big double pane windows are easy to slide open and lock, and come with screens. Territorial views include beautiful mature evergreens, the Cascade mountain range, and Mount Rainier! The kitchen provides abundant cabinet and counter space with a lovely view window above the sink.

Off the upper floor hall are a guest bathroom, three full-size bedrooms including a luxurious master bedroom suite, featuring a walk-in closet and ensuite full bath.

On the daylight lower level, there are two more good-sized bedrooms, and a third full bath that also holds the laundry area. Also, there's a big family room with French doors that open to a patio and the back yard – with mature trees, shrubs, and roses. Terraced beds along the side hold perennials and offer room for annual veggies or flowers.

A few steps down, the huge two car garage has a workbench and yards of storage shelving! There's additional parking in front for several cars, too.

It's an easy, short walk to Northgate's commercial shopping, near North Seattle Community College and easy access to Green Lake, Greenwood, freeways and buses, with a walk score of 83 (Very Walkable)!
